

Guided Project 3: System Test Plan

GP3 System Test Plan Instructions

There are 15 system-level system tests that were provided to validate that Guided Project 2 was working properly. You will **revise** the existing tests to meet the new requirements. Additionally, you will write another **5 system tests** for a total of **20 tests**.

Identify *changed tests* by highlighting the row in light gray. Also, annotate the Test ID column with the tag (Modified).

Identify *new tests* by highlighting the row in a darker gray. Also, annotate the Test ID column with the tag (New).

All tests are worth 1 point for a total of 20 points. For each test, half a point is for passing the test and half a point is for reporting the actual results of running the test on YOUR program - even if the test is failing! There are global deductions for incorrect highlighting.

GP3 System Test Plan Execution Information

To run the tests:

1. Right click on WolfSchedulerGUI class in the Package Explorer.
2. Select Run As > Java Application

The FileChooser for the course catalog will load automatically.

All tests files are located in the test-files/ folder and the contents of the files used in testing are below:

invalid_course_records.txt

```

Note that while all tests end with the statement to Close GUI, you can run Tests 2-13 on the same GUI run if there are no failures. If there are failures, you can use the preconditions to identify the dependent test cases.

Test ID	Description	Expected Results	Actual Results
Test 1: Invalid File	Preconditions: None 1. Run WolfSchedulerGUI. 2. In the Load Course Catalog FileChooser dialog select: test-files/invalid_course_records. txt 3. Click Select 4. <i>Check results</i> 5. Close GUI	• WolfSchedulerGUI loads • Course Catalog is empty • My Schedule is empty • Course Details only shows labels • <i>Add Event section is empty</i>	Pass.
Test 2:	Preconditions: None	WolfSchedulerGUI loads	Pass.

Valid File	1. Run WolfSchedulerGUI. 2. In the Load Course Catalog FileChooser dialog select: test-files/course_records.txt 3. Click Select 4. <i>Check results</i> 5. Close GUI	Course Catalog contains 13 classes • CSC 116, 001, Intro to Programming - Java, MW 9:10AM-11:00AM • CSC 116, 002, Intro to Programming - Java, MW 11:20AM-1:10PM • CSC 116, 003, Intro to Programming - Java, TH 11:20AM-1:10PM • CSC 216, 001, Software Development Fundamentals, TH 1:30PM-2:45PM • CSC 216, 002, Software Development Fundamentals, MW 1:30PM-2:45PM • CSC 216, 601, Software Development Fundamentals, Arranged • CSC 217, 202, Software Development Fundamentals Lab, M 10:40AM-12:30PM • CSC 217, 211, Software Development Fundamentals Lab, T 8:30AM-10:20AM • CSC 217, 223, Software Development	
------------	--	--	--

		Fundamentals Lab, W 3:00PM-4:50PM • CSC 217, 601, Software Development Fundamentals Lab, Arranged • CSC 226, 001, Discrete Mathematics for Computer Scientists, MWF 9:35AM-10:25AM • CSC 230, 001, C and Software Tools, MW 11:45PM-1:00PM • CSC 316, 001, Data Structures and Algorithms, MW 8:30AM-9:45AM My Schedule is empty Course Details only shows labels <i>Add Event only shows labels</i>	
Test 3: Add - No Sel.	Preconditions: Test 2 has passed 1. Make sure that no row in the Course Catalog table is selected (if there is a row selected, restart the GUI) 2. Click Add Course 3. <i>Check results</i>	A pop-up dialog stating “No course selected in the catalog.” is displayed.	Pass.

	4. Click OK 5. Close GUI		
Test 4: Add	Preconditions: Test 2 has passed 1. Select the 4th row of the Course Catalog table (CSC216, 001, Software Development Fundamentals) 2. <i>Check results</i> 3. Click Add Course 4. <i>Check results</i> 5. Close GUI	Course Details are displayed • Name: CSC 216 • Section: 001 • Title: Software Development Fundamentals • Instructor: sesmith5 • Credits: 3 • Meeting: TH 1:30PM-2:45PM Course CSC 216, 001, Software Development Fundamentals is listed in the My Schedule table	Pass.
Test 5: Remove - No Sel.	Preconditions: Test 2 and Test 4 have passed 1. Make sure that no row in the My Schedule table is selected (if there is a row selected, restart the test) 2. Click Remove Activity 3. <i>Check results</i> 4. Click OK	A pop-up dialog stating “No item selected in the schedule.” is displayed.	Pass.

	5. Close GUI		
Test 6: Add Same Course	Preconditions: Test 2 and Test 4 have passed 1. Select the 5th row of the Course Catalog table (CSC216, 002, Software Development Fundamentals) 2. <i>Check results</i> 3. Click Add Course 4. <i>Check results</i> 5. Click OK 6. Close GUI	Course Details are displayed • Name: CSC 216 • Section: 002 • Title: Software Development Fundamentals • Instructor: ixdoming • Credits: 3 • Meeting: MW 1:30PM-2:45PM A pop-up dialog stating "You are already enrolled in CSC216" is displayed.	Pass.
Test 14: Add Event	Preconditions: Test 2 and Test 4 have passed 1. Enter the following in the Add Event section: • Event Title: Lunch • Meeting Days: Mon and Wed • Event Start Time: 11:30AM • Event End Time: 12:30PM • Details: Meet at the Oval before class 2. Click Add Event 3. <i>Check results</i> 4. Close GUI	My Schedule table contains: • CSC 216, 001, Software Development Fundamentals, TH 1:30PM-2:45PM • "CS", "CS", Lunch, MW 11:30AM-12:30PM	Pass.
Test 15:	Preconditions: Test 2, Test 4, and Test14 have	A pop-up dialog stating "You	Pass.

Duplicate Event	passed - Enter the following in the Add Event section: - Event Title: Lunch - Meeting Days: Tue - Event Start Time: 12:00PM - Event End Time: 1:00PM - Details: Lunch with mom - Click Add Event <i>Check results</i> - Click OK - Close GUI	have already created an event called Lunch.” is displayed.	
Test 7: Reset	Preconditions: Test 2 and Test 4 have passed - Click Reset Schedule <i>Check results</i> - Close GUI	My Schedule table is empty	Pass.
Test 8: Add Several (Modified)	Preconditions: Test 2 has passed - Select the 6th row of the Course Catalog table (CSC 216, 601, Software Development Fundamentals, Arranged) - Click Add Course - Select the 10th row of the Course Catalog table	My Schedule displays: - CSC 216, 601, Software Development Fundamentals, Arranged - CSC 217, 601, Software Development Fundamentals Lab, Arranged - CSC 116, 002, Intro to	Pass.

	(CSC 217, 601, Software Development Fundamental Lab, Arranged) 4. Click Add Course 5. Select the 2nd row of the Course Catalog table (CSC 116, 002, Intro to Programming - Java, MW 11:20AM-1:10PM) 6. Click Add Course 7. Enter the following in the Add Event section: • Event Title: Exercise • Meeting Days: Sun, Mon, Tue, Thu, Fri • Event Start Time: 8:00AM • Event End Time: 9:00AM • Details: Cardio days 8. Click Add Event 9. Select the 11th row of the Course Catalog table (CSC 226, 001, Discrete Mathematics for Computer Scientists) 10. Click Add Course 11. Enter the following in the Add Event section: • Event Title: Lunch • Meeting Days: Mon, Tue, Wed, Thu, Fri • Event Start Time: 1:15PM • Event End Time: 1:45PM • Details:	Programming - Java, MW 11:20AM-1:10PM • “” , “” , Exercise, UMTHF 8:00AM-9:00AM • CSC 226, 001, Discrete Mathematics for Computer Scientists, MWF 9:35AM-10:25AM • “” , “” , Lunch, MTWHF, 1:15PM-1:45PM	
--	--	---	--

	12. Click Add Event 13. <i>Check results</i> 14. Close GUI		
Test 9: Remove (Modified)	Preconditions: Test 2 and Test 8 have passed Select the 3rd row of the My Schedule table (CSC116, 002, Intro to Programming - Java) Click Remove Activity <i>Check results</i> Select the 5th row of the My Schedule table (Lunch) Click Remove Activity <i>Check results</i> Close GUI	My Schedule displays: • CSC 216, 601, Software Development Fundamentals, Arranged • CSC 217, 601, Software Development Fundamentals Lab, Arranged • " ", " ", Exercise, UMTFH 8:00AM-9:00AM • CSC 226, 001, Discrete Mathematics for Computer Scientists, MWF 9:35AM-10:25AM • " ", " ", Lunch, MTWHF, 1:15PM-1:45PM My Schedule displays: • CSC 216, 601, Software Development Fundamentals, Arranged • CSC 217, 601, Software Development Fundamentals Lab, Arranged • " ", " ", Exercise, UMTFH	Pass.

		8:00AM-9:00AM CSC 226, 001, Discrete Mathematics for Computer Scientists, MWF 9:35AM-10:25AM	
Test 10: Set Title	Preconditions: Test 1 or Test 2 have passed Enter "My Super Awesome Schedule" into the Schedule Title text field Click Set Title <i>Check results</i> Close GUI	The label on the third section of the GUI now contains the text "My Super Awesome Schedule" instead of "My Schedule"	Pass.
Test 11: Finalize (Modified)	Preconditions: Test 2 and Tests 8-10 have passed Click Display Final Schedule <i>Check results</i> Close GUI	Schedule Title: "My Super Awesome Schedule" Schedule Table - CSC 216, 601, Software Development Fundamentals, 3, jctetter, Arranged, "" - CSC 217, 601, Software Development Fundamentals Lab, 1, sesmith5, Arranged, "" "" , "" , Exercise, "" , "" , UMT HF 8:00AM-9:00AM, Cardio days - CSC 226, 001, Discrete Mathematics for	Pass.

		Computer Scientists, 3, tmbarne, MWF 9:35AM-10:25AM, ""	
Test 12: Export (Modified)	Preconditions: Test 2 and Tests 8-11 have passed Click Export Schedule Select test-files folder. Enter the filename actual_schedule.txt Click Save (it's ok to overwrite old results) <i>Check results</i> Close GUI	In Eclipse, right click on the WolfScheduler project and select Refresh. Open the test-files folder and open actual_schedule.txt in the editor. The contents should be: <pre>CSC 216, Software Development Fundamentals, 601, 3, jctetter, A CSC 217, Software Development Fundamentals Lab, 601, 1, sesmith5, A Exercise, UMTHF, 800, 900, Cardio days CSC 226, Discrete Mathematics for Computer Scientists, 001, 3, tmbarne, MWF, 935, 1025</pre>	Pass.
Test 13: Revise (Modified)	Preconditions: Test 2 and Tests 8-11 have passed Click Revise Schedule	The Scheduler view is shown with 13 courses listed in the catalog	Pass.

	<i>Check Results</i> Close GUI	• My Super Awesome Schedule as the schedule title • 3 courses in my schedule (CSC 216-601, CSC 217-601, CSC 226-001) and 1 event (Exercise) - all 4 columns are filled as expected for each activity.	
Test 16 (New) Course vs. Course Conflict	Preconditions: Test 2 has passed 1. Select the 2nd row of the Course Catalog table (CSC 116, 002, Intro to Programming - Java, MW 11:20AM-1:10PM) 2. Click Add Course 3. Select the 12th row of the Course Catalog table (CSC 230, 001, C and Software Tools, MW 11:45AM-1:00PM) 4. Click Add Course 5. Check results 6. Click OK 7. Close GUI	A pop-up dialog stating: "The course cannot be added due to a conflict." is displayed. CSC 230-001 is not added to My Schedule. CSC 116-002 remains.	Pass.
Test 17 (New) Event vs. Course	Preconditions: Test 2 has passed 1. Select the 4th row of the Course Catalog table (CSC 216, 001, Software Development	Expected: "The event cannot be added due to a conflict."	Pass.

Conflict	Fundamentals, TH 1:30PM-2:45PM) 2. Click Add Course 3. Enter the following in the Add Event section: • Event Title: Study Group • Meeting Days: Thu • Event Start Time: 2:00PM • Event End Time: 3:00PM • Details: Study 4. Click Add Event 5. Check results 6. Click OK 7. Close GUI	The event isn't added, and the entered event information remains populated for editing. CSC216-001 remains.	
Test 18 (New) Event vs. Event Conflict	Preconditions: Test 2 has passed 1. Enter the following in the Add Event section: • Event Title: Lunch • Meeting Days: Mon • Event Start Time: 12:00PM • Event End Time: 1:00PM • Details: Lunch 2. Click Add Event	Expected: "The event cannot be added due to a conflict." Meeting isn't added; Lunch remains.	Pass.

	3. Enter the following in the Add Event section: • Event Title: Meeting • Meeting Days: Mon • Event Start Time: 12:30PM • Event End Time: 1:30PM • Details: Group meeting 4. Click Add Event 5. Check results 6. Click OK 7. Close GUI		
Test 19 (New) Conflict on Only One Common Day	Preconditions: Test 2 has passed 1. Select the 11th row of the Course Catalog table (CSC 226, 001, Discrete Mathematics for Computer Scientists, MWF 9:35AM-10:25AM) 2. Click Add Course 3. Enter the following in the Add Event section: • Event Title: Tutoring • Meeting Days: Wed • Event Start Time: 10:00AM • Event End Time: 11:00AM • Details: Tutoring hours	Expected: "The event cannot be added due to a conflict." Tutoring isn't added. CSC226-001 remains.	Pass.

	4. Click Add Event 5. Check results 6. Click OK 7. Close GUI		
Test 20 (New) Same-Mi nute Boundary Conflict	Preconditions: Test 2 has passed 1. Enter the following in the Add Event section: • Event Title: Meeting • Meeting Days: Tue • Event Start Time: 10:00AM • Event End Time: 11:00AM • Details: In person meeting 2. Click Add Event 3. Enter the following in the Add Event section: • Event Title: Event • Meeting Days: Tue • Event Start Time: 11:00AM • Event End Time: 12:00PM • Details: In person event 4. Click Add Event 5. Check results 6. Click OK	Expected: "The event cannot be added due to a conflict."	Pass.

	7. Close GUI
